Summary of experience

Chuck Torrisi provides financial, compliance, and investigatory services to a variety of public sector clients. He had widespread experience across several industries, including: power and utilities, technology, life sciences, government contracting, and manufacturing. Chuck has practiced public accounting for approximately 10 years. Prior to joining RSM, Chuck worked at two Big 4 Accounting Firms, in the fields of Audit and Forensic Accounting.

Seasoned in working with internal and external counsel, Chuck has led engagements focusing on revenue recognition, compliance matters, anti-money laundering concerns, accounting estimates, technical accounting, and government contractor work. Given the breadth of experience, clients rely on Chuck as a trusted business advisor to oversee the many aspects of accounting engagements. In his most recent role, Chuck delivered advice and consultation regarding complex regulatory matters, worked daily with internal and external counsel to respond to regulators, and assisted in a significant merger of two publically-traded utility companies.
